

# IT'S NOT *QUALITY* IF IT'S NOT

## MCQUALITY

PROFESSIONAL. EXPERT. RELIABLE.

# WE SET THE BENCHMARK FOR *QUALITY.*

Over 2500 detailed scope of work documents developed.

More than 1000 new components inspected for weld conformance.

In excess of 300 drawing packages developed.

40+ employees to service your requirements.

SINGLETON | NEWCASTLE | MACKAY | BRISBANE | PERTH

# MC QUALITY

## Excellence is not optional at MC Quality.

MC Quality is a world class *QUALITY* organisation, providing our customers with value, our people with opportunity, and our communities with care.

We strive for world's best practice. We want to raise the standards across our industries, across the world.

Companies that trust us:

**HITACHI** GLENCORE

**Peabody**

**pacificnational**

**CATERPILLAR**

**Mining**

*We create a solution before it becomes a problem.*

MC Quality specialises in the providing services in the following areas:

**Manufacturing**

## **Training, Qualification and Procedure Development**

- Welder qualification scheme development
- Weld procedure development
- Welder certification
- Scope development and repair instruction
- Overhaul and structural enhancement documentation
- Maintenance strategy development

**Renewable Energy**

## **Onsite testing, inspection and reporting**

- Condition monitoring
- Structural inspections
- Repair supervision
- NDT of repairs
- Comprehensive reporting
- Welding Inspections

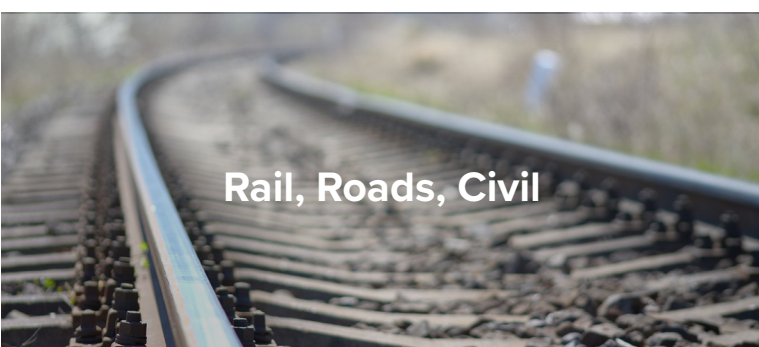

**Aviation**

## **Offsite Services**

- New Equipment Conformance Inspections
- Manufacture Quality Control
- Refurbishment Work Scope development
- Refurbishment Quality Control
- Welding Inspections
- Project Management

**Rail, Roads, Civil**

## **Engineering and Design Solutions**

- Drafting/Modelling
- FEA
- Design and validation of structural upgrades
- TARP Development
- Volumetric Scanning/Calculations

**Defence**

# WE KNOW.

## **Trained & Certified Team**

Our qualified workforce includes Welding Inspectors, Welding Supervisors, Welding Specialists, Welding Technologists, and Mechanical Engineers, delivering top-tier welding solutions.

## **Quality Commitment**

We push to achieve the highest quality results for our customers.

## **Industry Standards and Best Practice**

We push for conformance to standards, guaranteeing compliance and excellence. We develop specifications where standards fall short.

## **Industry Leadership**

Mick, CEO of MCQuality, is on the Board of Directors for Weld Australia, actively advancing industry standards.

## **Training Expertise**

Developing and delivering industry-leading training and qualifications, including internationally recognised welder competency schemes.

# WE PROVE.

## **Mechanical Engineering Expertise**

Our team brings deep knowledge in mechanical engineering, ensuring all solutions are technically sound and efficient.

## **Comprehensive Reporting**

We provide detailed reports, including TARP (Trigger Action Response Plan) and other critical engineering documents, offering transparency and insights into our processes.

## **Data-Driven Approach**

Extensive, detailed data and reports in both the engineering and boilermaker fields back our solutions, demonstrating measurable results and improvements.

## **Proven Research & Savings**

Through rigorous research, we provide validated data on machinery performance, showcasing cost savings and extended machinery lifespan.

## **Case Studies**

We have a track record of success, with proven case studies highlighting the extended life of machinery and the resulting financial and operational benefits for our clients.

# WE SOLVE.

## **Proactive Solutions**

We deliver forward-thinking solutions tailored to the unique needs of each market segment, ensuring optimal performance and long-term success.

## **Ongoing Testing & Maintenance**

Our commitment to ongoing testing and maintenance regimes guarantees that desired outcomes are consistently met, enhancing reliability and efficiency over time.

# MCQUALITY

WE KNOW. WE PROVE. WE SOLVE.
